# Card Collector Mira (TCG Cards)

**TCG Cards** finally have a use. Treasure Hunt chests hand them out, and Card Collector Mira trades them for useful items.

| | |
|---|---|
| NPC | Card Collector Mira, Malangdo (123, 129) |
| Where TCG Cards come from | Treasure Hunt chests (even hours at :35), the Gumboot Gobbler and The Held Tide in the Drowned Grove, and Macka the Puntman's boot swap |

Older clients called the TCG Card a "Bossnia Entrance Ticket". Run the patcher and it shows its proper name.

# Trades

| You get | Cost in TCG Cards |
|---|---|
| Elunium | 3 each |
| Oridecon | 3 each |
| Bubble Gum | 4 each |
| World Tour Ticket | 5 each |
| Gold | 8 each |
| Random costume headgear (from the Costume Stylist set) | 15 |
| Southern Relics Valkyrie helm of your choice (Umbral, Azure, Verdant, Rosetide, Gilded, Ember, Stormcrest or Seaglass) | 20 |

- For the items, Mira asks how many you want and shows the most you can afford.
- The costume is random and comes one at a time. Wear it at the Costume Stylist, or take it to the Celestial Forge to reforge it into a real headgear.
- Mira checks your weight and inventory space before taking any cards.
