

Sunfire Quest

The **Sunfire Quest** is the progression route for the Sunfire Shadow Set, forged through **Cael the Ashwright** in Morroc.

Quest Giver

- **Cael the Ashwright**
- **Location:** Morroc

What You Are Building

This questline unlocks the five-piece Sunfire Shadow Set, a fire- and sun-themed shadow equipment line tied into the Sundering-era lore.

How It Works

1. Talk to Cael in Morroc.
2. Select the Sunfire piece you want to forge.
3. Turn in the required fire monster drops and zeny for that piece.
4. Repeat the process until you complete the full shadow set.

Important Materials

The exact material list should be documented from the live NPC requirements, but the questline is known to use **fire monster drops** and is designed as the counterpart to the Ocean Gear path.

Why This Quest Matters

This is one of OceaniaRO's signature custom gearing routes and gives players a clear way to pursue themed shadow equipment without relying on random acquisition alone.
