Advanced Custom Crafting

Once your Eden and Hunt Board gear starts feeling basic, check the custom crafting NPCs on Eden's upper/custom floor.

- **Ossian the Wreckwright:** craft Tideborn weapons from Coral Reef, Sharp Scale, Steel, Oridecon, and zeny. Later upgrades need Sundered Aether Shards from MVPs.
- **Sable the Wingwright:** craft Archangel Wings, Flame Mufflers, and Valkyrie gear from feathers, holy water, ores, gold, and zeny.

- **Curio Crafter:** craft skill-bearing custom headgears from monster trophies.

These NPCs show clickable item previews before crafting, so check the description before spending materials.

Important Material Notes

- **Coral Reef** comes from Aqua Rings in Poring Haven and Drowned Aequoria.
- **Sundered Aether Shards** can drop from MVP kills and are used for Tideforged weapon upgrades.
- **World Tour Tickets** come from attendance and events, then feed into convenience and cosmetic systems.
